

# YEAR END HAIR AND MAKEUP 2023

## HAIRSTYLE - Centre Part Low Ponytail

1. Part your hair IN THE CENTRE
2. Gather into a low pony tail with elastic to match hair colour.
3. Use a TON of gel to make this process as it needs to stay ALL day
4. Recreational students do not need the wrap if they do not want, please make sure elastics match hair
5. Bristle brushes work great to secure fly aways, bangs must be pinned
6. Please straight iron ponytails for a cohesive look with your group
7. Take a small piece of hair from the underside of the ponytail (amount will depend on your hair thickness).
8. Wrap around the pony, securing underneath with criss-cross bobby pins.
  - Be sure to use lots of spray for sleek look.

## MAKE - UP

We recommend MAC for its great stage quality consistency but you may use other brands.

1. Start with a clean moisturized face.
2. For long days, apply a primer to eye lids to prevent creasing.
3. Apply MAC Studio fix or liquid foundation to the whole face including eyelids. Blend well around the neck and hair line.
4. With a brush, set foundation with a pressed powder.
5. MAC eyeshade "Print" (dark gray) is to be used on the lid.
6. MAC eyeshade "Evening Grey" (silver) is used to blend the shadow upwards into the crease. Leave space between the eyebrow and color.
  - \* "Silver Ring" is still acceptable, but has been discontinued by MAC. \*
7. Apply a thin eyeliner on the top of lash line (recommended MAC liquid last or Fluid line in black).
8. Wing liquid eyeliner slightly, to match lower lash line.
9. Apply black pencil eyeliner to the waterline.
10. Apply eyelashes with glue right along the lash line. There are many helpful tutorials available online.
  - Recommended is Ardell # 107 however this may change depending on eye shape and size.
  - They can also be purchased from MAC.
11. Join false lashes and real lashes together with black mascara. Follow with mascara only on lower lashes.
12. Apply blush to cheeks with a brush.
13. Line lips with either a clear lip liner or a matching colour to the lipstick. This will prevent the colour from bleeding.
14. Fill with Russian Red or bright red lipstick.

- Please take the time to practice make up at home. Each student is responsible for their own makeup.
